2011 Annual Report Broadview Police Department

A Letter from the Chief

To President Jones, Members of the Village Board, and Residents;

On behalf of the Broadview Police Department, I am pleased to provide you with our Annual Report for 2011. We have designed this report to be a resource for governmental entities, law enforcement agencies, journalists, and the residents of Broadview.

As we embark into 2012, I am happy to share with you a snap-shot view of the exceptional work by members of the police department. This was attributed to their commitment and dedication of service to the residents of the Village of Broadview.

As Chief, I realize that every day Department personnel attempt to touch the lives of every resident in Broadview. This is accomplished by using internal or external resources to best benefit those we serve. We have accomplished the significant and fundamental goals of promoting, protecting and improving the quality of life of our residents. Our achievements have been made possible by using the multipronged approaches of community outreach, pro-active and preventive enforcement techniques.

We have gone through some changes in the police department: consolidating divisions, strategic staffing deployment, sharing of resources amongst police bureaus, developing a police accountability model known as PACS (Police Accountability Command Session), re-establishing our community involvement, introducing a part-time truck/traffic police officer, rescinding or amending several policies and procedures, as well as other operational and administrative changes.

Luis C. Tigera
